

Adding text alerts to your Cloud account

To add text alerts to your Cloud account:

- When at the home page of your Cloud account click on “Account”.
- Click on the “Users” icon > 
- (1) Click “Add” in the bottom left corner.
- (2) Full Name: Enter in the name of the User followed by the word Text (example: Jill Smith Text)
- (2) Email Address: The format used by phone carriers to send a text message through email is on page 4 of this document. Example: If Jill uses Verizon, the format will be her 10 digit phone number with the suffix @vtext.com, or 9094963006@vtext.com. Enter this as the email address.
- (2) User Profile: Click on the drop down arrow and select “Notification Only”. When Notification Only is selected you will not need to populate the Password field.
- (3) Select all the locations you want the users text alert to reside.
- (4) Click apply in the bottom right hand corner.
- (5) Click on “Devices”, select the device, and click on  icon. Page 4 shows details to add the text notification to the device.
